

SialoGlyco symposium 2024

A meeting organized by UGSF,
CNRS and Lille University

June 04-07 2024

Hotel de Région Hauts-de-France

Welcome to SialoGlyco 2024

- The biennial SialoGlyco meeting 2024 provides a venue for around 150 international researchers to exchange ideas and explore the chemistry and biology of sialic acid. This meeting has been held **around the world for 30 years** including in Japan, USA, Australia, Taiwan and Scotland. It is being held for the second time in France and the very first time in Lille.
- SialoGlyco 2024 is organized by the **Unité de Glycobiologie Structurale et Fonctionnelle**, a long-standing internationally recognized research centre (since 1958) in the biology and chemistry of sugars. For decades, it participated to the development of the wet biological and chemical methods for the study of complex sugar.
- The plenary lectures will be given by **renowned international experts** in the chemistry, biochemistry and biology of sialic acids, while giving young researchers from the region and abroad the opportunity to showcase their research.
- Importantly for you, SialoGlyco is a unique opportunity to **showcase your expertise, products and services to scientists** from a wide range of disciplines including clinical biology, molecular biology, analytical chemistry, diagnostics, biochemistry...

International Scientific Board

Andrew J Bennet, Burnaby, **Canada**
Paul Crocker, Dundee, **UK**
Philippe Delannoy, Lille, **France**
Jukka Finne, Helsinki, **Finland**
Rita Gerardy-Schahn, Hannover, **Germany**
Mark von Itzstein, Gold Coast, **Australia**

Kay-Hooi Khoo, Taipei, **Taiwan**
Ken Kitajima, Nagoya, **Japan**
James C Paulson, San Diego, **USA**
Yasuo Suzuki, Aichi, **Japan**
Sandro Sonnino, Milan, **Italy**
Ajit Varki, San Diego, **USA**

Exceptional location and venues

- Situated at the **crossroads of Europe's international rail and air networks** and with easy access to neighboring countries, Lille is recognized for its economic dynamism and is a major regional hub for scientific research and innovation. It is the perfect place to hold an international and cosmopolitan symposium and the definitive place to be.
- The Symposium will be held at the **Hotel de Région des Hauts-de-France**, a prestigious venue granted by the regional government and located in the center of Lille. Participants will benefit from the Hemicycle, adjacent exhibition areas and catering facilities in a modern, comfortable and secure environment.

A pricing adapted to your needs

Registration fee.....500€

All participants are entitled to access to the venue from 4 to 7 June, attendance at all scientific sessions, posters sessions, access to coffee breaks, the to Welcome Get Together Party on the evening of 4 June and on-site lunches on 5, 6 and 7 June.

Open sponsoring..... 500€

This price includes the inclusion of your logo on the "Sponsors" page of the website, on a sponsors slide projected during the breaks and in the final programme.

Registration + Open sponsoring.....800€

This price combines the benefits of the regular registration fee and of the open sponsoring.

Exhibition sponsoring.....1000€

This price combines the benefits of the regular registration fee, open sponsorship plus a sponsor's stand with a table, two chairs and space for a standing advertising poster.

Communication sponsoring.....1500€

This price combines the benefits of the exhibition sponsoring plus a 20 minutes oral scientific or commercial oral communication.
